peakvox, O-TWO inc.  
Publisher:  
peakvox  
Release Date: 9 Nov, 2016

English,Japanese

peakbox escape virus wii. peakbox escape virus wii

I feel like the game is, even at a refund, too expensive. The game is not horrible but 7\$? I feel a price of 2-3.50 would be more fair. Like I said the game is not horrible but at current price I don't recommend it.. I feel like the game is, even at a refund, too expensive. The game is not horrible but 7\$?
